HELPING
HOME
HAPPEN

A ministry of

Serving guests from City Rescue Mission of Saginaw
and Good Samaritan Rescue Mission in Bay City

Impact Designs is a solution-oriented ministry. The primary focus is on housing stability and significantly reducing the number of guests returning to homelessness once housed.

"It's about restoring dignity and providing a firm footing for a **FRESH START.**"

Sharmin Hegenauer
IMPACT DESIGNS MANAGER

Mission guests who choose the Impact Shelter Program participate in life skills classes, attend chapel services, get involved in the daily Impact Hour, and work with a housing placement specialist. Additionally, guests take part in individualized case management with a coordinated Impact approach that involves community resources. By doing so, a guest becomes eligible for an Impact Designs move and follow-up case management services.

Once a guest acquires housing with their funds, Impact Designs volunteers and staff utilize donated material goods to attractively and efficiently furnish their new home. Each guest receives a unique design, based on their specific needs and desires. **The guest's rental space is transformed into a Home.** Then we do a big reveal on move-in day!

Rescue Ministries of Mid-Michigan calls this process,

"HELPING
HOME
HAPPEN."

Impact Designs is inviting you to consider partnering with us.

Volunteer

- ♥ Organizing
