## About Us

Higher Purpose is a new ministry of Rescue Ministries of Mid-Michigan dedicated to developing thriving neighborhoods in the City of Saginaw through neighborhood revitalization, career opportunities and personal development.

## Mission Statement

Higher Purpose involves harnessing the experience and knowledge of church volunteers to the resources from grant funding and the available resources of neighborhood non-profit organizations, to make vital living changes in our community and individual lives of our neighbors.

Higher Purpose is a multi-faceted approach to enhance the quality of life for Saginaw citizens by seeking the ideas of people living near the Rescue Mission for improving their own neighborhood, focusing on a few blocks at a time, with a goal of equitably improving lives through community investment and personalized mentoring.
